FOR COUNTERACTING AIRBORNE ODORS:

Utilizing a trigger sprayer, discharge into the air the appropriate amount of formula allowing 5 to 20 seconds for the fresh scent to counteract unwanted odors.

FOR FABRIC TREATMENT:

Discharge appropriate amount of product to fabric, upholstery, curtains, etc., insuring that spray device is held approximately 10 to 15 inches away from applied surface. Apply product evenly to affected area.

GUEST ACCOMMODATIONS:

Apply proper amount of product approximately 5 inches above carpet level to entire perimeter of room or until odor is eliminated.

CAUTION!: Not for personal use, may cause irritation if applied directly to eyes or skin. In case of eye irritation, flush with water. If irritation persists, consult a physician. Contains: 2-Propanol.
 Do Not Ingest. Keep Out of Reach of Children.
